

The use and impact of The Primary School PE and Sports Funding 2016-2017

In 2016-17 Prior Heath Infant School received £8,000, plus £5 per child to develop provision in Sports and PE. PE is a maintenance subject for 2016-2017. Our 2016-2017 plans for the PE and Sport Funding are based upon our evaluations and analysis of PE in EYFS and KS1. At Prior Heath Infant School our aim is to use the funding to have a long-term impact on children's healthy lifestyles, physical wellbeing and achievement in PE. This funding was used:

Costings	Action	Impact
£2782	To provide a "Play Leader" for KS1 and EYFS pupils.	This year we have trained a "play leader" in lunchtime games where she leads a different skill based game each day in the 'yellow zone'. The use of the funding in this way has promoted a love of physical activity, as it is extremely popular with the children. We have seen a decrease in playground incidents due to the use of the funding.
£1950	To provide additional adult support in PE lessons to further develop fundamental skills.	This year additional support has been provided across KS1 classes to extend PE skills and knowledge within lessons. The additional support has enabled children to practise these skills and techniques 1:1 and in small groups. All pupils have made good progress.
£469	To provide CPD training for lunchtime staff.	All lunchtime teaching assistants have received training in playtime games that support the development of fundamental movement skills on the playground. We have seen an increase in children engaging in the activities available at lunchtime in the 'yellow zone' and in the pupils' physical skills and development. Lunchtime staff gave positive feedback regarding the training and how successful the new restructuring of lunchtime has been. In addition staff have applied the game ideas throughout the school day.
£256	To purchase new schemes of work to enrich current planning for teaching staff.	The school purchased the LCP Dance scheme this year and have used this to enthuse existing planning and link PE to new topics. Staff are enthusiastic about the new scheme and planning folders in each year group have been updated and reviewed by the PE co-ordinator. The new planning for PE will be implemented in the Autumn Term.
£502	To replace PE equipment and resources as needed.	The school has purchased new equipment as and when needed, such as, new spots for the school hall. The Sainsbury's vouchers have also provided additional funds for this. We have been able to provide a dance workshop for each class in the new academic year using the vouchers, which will provide CPD for teachers and expose the children to alternative sporting activities.
£402	To provide new sports opportunities.	Reception children have taken part in a skipping workshop and teaching staff continue to watch as part of their CPD. Year 2 have taken part in cycling skills workshop. Children in Year 2 have taken part in termly multi skills competitions assisted by a Teaching Assistant.
£1420	To provide release time for PE Lead to monitor planning, assessment, teaching and learning across the school, including learning walks, sports day and competitions.	Release time has enabled the PE lead to complete learning walks and share the impact of the funding with governors so they are fully informed of the spend and impact. Governors have also been involved in planning for the future. We gathered the pupils voice in pupil surveys and included parental views in our school development plan meeting. Gym club was sourced and set up to enhance after school club offer.
£170	To liaise with the SHLP and Active Surrey (Youth Trust) to maximise opportunities for staff development and participation in local competitions.	This year the PE lead has organised three multi-skills competitions for Year 2 pupils. The children had the opportunity to compete for their school and thoroughly enjoyed the events. The competitions were published in the school newsletter and the children were presented with certificates in assembly. It has boosted the profile of school sport and provided a spring board into Junior School Competitions to come.
£675	To provide CPD training for teachers. Inset training deferred.	The PE lead was released to attend PE conferences, network meetings and training with SCL. The PE lead shared information with staff to enable them to develop their awareness of new developments in PE and impact on provision.

The proposed use and impact of The Primary School PE and Sports Funding 2017-2018

In 2017-18 the government announced an increase in the primary sports funding. Prior Heath Infant School received £16,000 plus £10 per child to develop provision in Sports and PE. PE is a maintenance subject for 2017-2018. Our 2017-2018 plans for the PE and Sport Funding are based upon our evaluations and analysis of PE in EYFS and KS1. At Prior Heath Infant School our aim is to use the funding to have a long-term impact on children's healthy lifestyles, physical wellbeing and achievement in PE. We plan to use this funding to:

£	Action	Proposed Impact
£1250 £595	To arrange CPD for staff in fundamental movement skills. To arrange PE Advisor and other training for new PE Lead.	To continue to develop staff knowledge in delivering PE lessons across the school and how activities throughout the school day can help to build key skills and a love of healthy lifestyles and sports in the future.
£2396	To continue to provide a "Play Leader" for KS1 and EYFS pupils at lunchtime.	To continue to support all learners in PE and provide extra provision. To further develop physical skills and raise the profile of physical activity as well as promoting positive play at lunchtime.
£2052	To provide additional adult support in PE lessons and throughout outdoor learning provision.	To extend PE fundamental skills and knowledge during PE lessons. To further develop awareness of healthy lifestyle and choices during outdoor area provision in KS1. To ensure all pupils make good progress.
£2987	To provide time for handover for new PE Lead. To provide release time for PE lead to monitor planning, assessment, teaching and learning across the school, including learning walks, sports day and competitions.	To monitor teaching and learning in PE and evidence the impact of the funding while obtaining pupil views of PE and Sports. To include governors on learning walks and share actions and review funding use. To investigate proposals from the school development plan meeting.
£160	To apply for the Active Surrey "Star Mark".	To support the PE lead to review provision and identify next steps for enhancing and maintaining our outstanding PE provision.
£1029	To replace PE equipment and resources as needed.	To ensure quality resources for PE and learning, including fine motor resources to support 'moving and handling' within the EYFS. To resource outstanding PE lessons. To maintain the provision of scooter park to encourage activity.
£295	To provide new sports opportunities.	To organise skipping and cycling workshops to enable children to access new experiences and to ensure children can participate in multi skills competitions.
£240	To continue to liaise with the SHLP and Active Surrey (Youth Trust) to maximise opportunities for staff development and participation in local competitions.	To continue to organise and arrange competitions between schools in the local area. To give children the opportunity to compete for their school.
£5176	To liaise with staff and pupils to consider their ideas to enhance healthy lifestyles and physical activity across the school. *	PE co-ordinator to discuss with staff to identify needs and consider their opinions and ideas for using the budget to maintain and enhance PE provision. Speak to the children to gain pupil voice across the school. Children to vote on ideas as to how to spend the money.

* The breakdown of funding for the academic year 2017-2018, including conditions of grant, will be published in October 2017. This will enable us to decide how best to spend this money.
